**Message from Mayor Rick Goldring, City of Burlington**

On behalf of Burlington City Council, it is my pleasure to extend greetings to the members of the Indian-Canadian Organization.

I applaud your organization for your ongoing efforts to promote inter-cultural understanding and interaction within communities across Canada, fostering mutual respect and celebrating Unity in Diversity.

South Asia is the most common birthplace of new members of the Burlington community who have chosen to immigrate to Canada and we are very proud to be considered one of the top places for new immigrants to settle in the country.

Our Canadian society is enriched by the cultural diversity of our communities.

Wishing you and your families much happiness and prosperity in the coming year.
